After achieving a level 6 rating in the previous year based on the old BBBEE code structure, the Company fell short on some of its measurements, based on the new BBBEE code structure, in particular, Enterprise and Supplier Development and Skills Development.

We are in the process of aligning our verification period with our financial yearend, which will result in a new B-BBEE certificate being produced and then loaded onto our website within the next two to three months.

In this revised assessment period mentioned above, the company has invested additional expenditure in Skills Development and Supplier Development which will produce a meaningful improvement to the overall B-BBEE rating.
