**Media coverage relating to drugs in the treatment of patients with COVID-19**

---

Ascendis Health has noted the media coverage relating to the preliminary results of a drug trial using dexamethasone in the treatment of patients with COVID-19 requiring respiratory intervention.

In line with the General Principles of the JSE Listings Requirements to ensure that full, equal and timeous public disclosure is made to all shareholders of Ascendis Health and the general public at large regarding the activities of the Company that may be price sensitive, Ascendis Health hereby confirms that Remedica, a wholly owned subsidiary of Ascendis Health based in Cyprus, produces tablets containing dexamethasone, under the name Perazone, however such drug is limited to the Tanzanian market only.
