MARKET UPDATE

It has come to the attention of the Company that allegations have been made through social media that certain shareholders have been approached by a "large US private equity firm" to acquire all of the Ascendis Health shares. The board of directors of Ascendis Health wish to inform shareholders that it has not received any correspondence that would constitute a firm intention to make an offer to Ascendis Health shareholders and that it has not entered into discussions around a process that may result in one being forthcoming in the short- to medium-term. Shareholders will be advised in the manner required in terms of the Listings Requirements of the JSE and the provisions of the Companies Act, 2008 should it either enter into discussions relating to an offer or should it receive a firm intention to make an offer.
